In Memoriam

Our Friend and Classmate

John Edward Varndell
1941-1953

Foreword

It is the purpose of this book to capture, graphically the events and people that have made the school year of 1958 and 1959. The events included in this book are important only to those to whom they happened but it is vitally important that we remember them. They have happened to each of us, you know, and they will never happen again except in our memories. And only by keeping these memories can we keep from losing our identity as individuals among the great mass of humanity which inhabits the globe.

The Staff of the '59 "Cardinal" sincerely hopes that you will keep this book through the years to give vitality to the time-shadowed memories that such a small part of civilization shares with you.

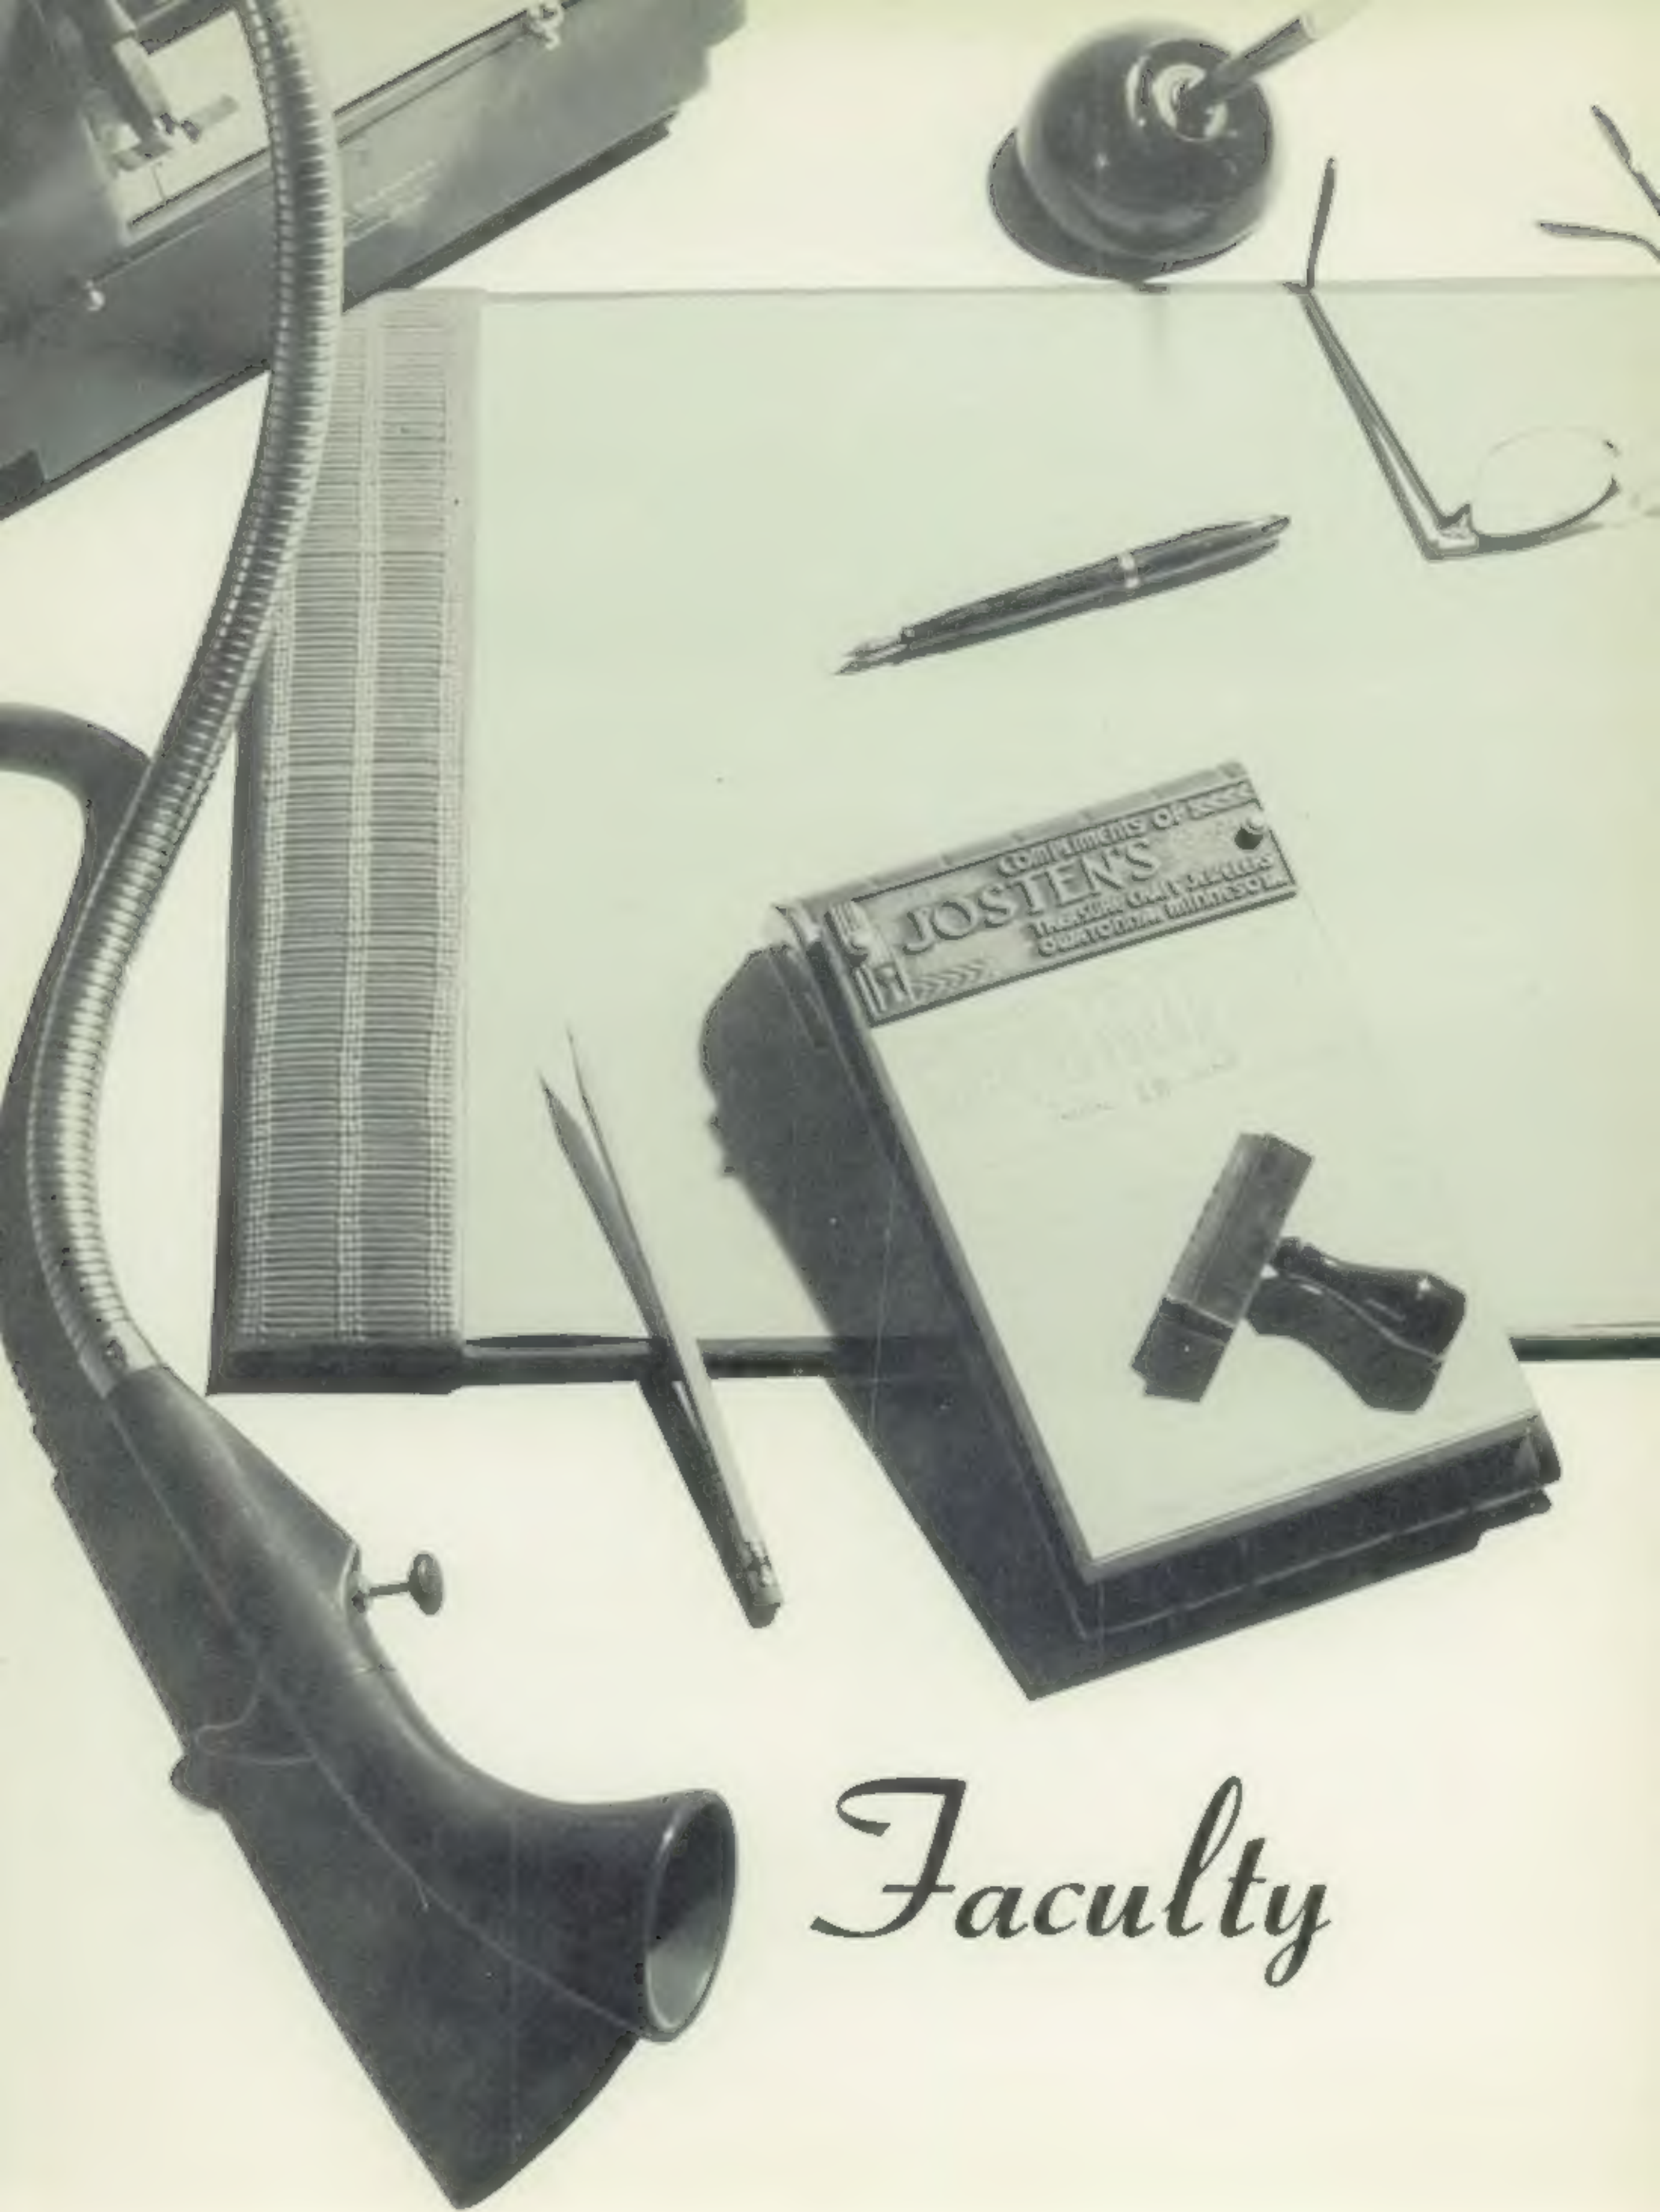

David Runkel
Editor

Dedication

It is with deepest gratitude that we dedicate this 1959 edition of "The Cardinal" to Mr. Leon Sobilo, career and personal guidance counselor to the students of Cochran High School. Mr. Sobilo's help to the members of the class of 1959, particularly, during the last several years, will have a tremendously far-reaching effect on all our lives. His frank interpretation of the tests he has given us and his directness, knowledge of the situation, and encouragement (along with his limited patience) in personal interviews have helped us immeasurably to know ourselves, our potentials and our obligations to ourselves, our family and to society.

Mr. Leon E. Sobilo

Faculty

SCHOOL BOARD JOINT COMMITTEE

SEATED, Left to Right: John Oakes, Cachranton; William Hansen, East Fairfield; Ralph Martin, Wayne; Beverly Deeter, Secretary; Phillip Wheeling, President. **STANDING:** Wilfred Dunn, Fairfield; Williard Buchanan, French Creek.

A collage of school-related items. In the background, there's a dark spiral-bound notebook with a small square sticker on its cover. In the foreground, a white spiral-bound notebook is open, showing a blank page. A pencil lies diagonally across the bottom right of the white notebook. A ruler is visible at the bottom left, partially obscured by the white notebook. The word "Music" is written in a cursive font on the right side of the white notebook page.

GRADUATION... *a promotion to a beginning!*

The beginning, for most of you, in a career or specialized training which will lead you, eventually, to your life's work.

Graduation, a time of beginning, is also a time for serious stock-taking—for assessing your own potentialities and planning your future course.

Even large companies, like American Viscose carefully analyze their assets and opportunities for growth and then chart the direction in which they wish to go. That's how sound progress is made—by setting a goal and working toward it.

American Viscose will soon celebrate its Golden Anniversary—fifty years of growth in and with America. Its fibers and films are an indispensable part of American life. About one-third of all the rayon and acetate produced comes from the American Viscose Corporation and one in every three cellophane-wrapped packages is covered with an American Viscose Corporation product.

We hope some of you will join us and know the satisfaction of becoming part of a team that is progressing with America.

American Viscose Corporation, Meadville, Pennsylvania
